Subject: Grant of Rs 1000/- for sinking of temporary wells in
Gudibanda Town

Sir,

Adverting to Government Order No L 10025-7/ 1 60-45
4 dated 29th March 1946 sanctioning a grant of Rs 1000/- out
of water supply grant for 45-46 for sinking temporary wells
in Gudibanda Town, I have the honour to state that though
instructions were issued from this office to the President to
go ahead with the work of sinking temporary well to tide over
the situation caused by water scarcity at the place, the
president reports that no amount was spent as the few showers
just then eased the situation to some extent. The President
reports in consultation with the Municipal Council that
there is ^{no} necessity to utilise the grant for sinking temporary
wells but the amount may be utilised for repairing the
existing wells in the town. There are 6 wells belonging to
the Municipality in the town and that they are reported to
be in a very bad state of repairs. The President has sent

six estimates for improving the existing wells at an aggregate cost of Rs 980/- The Council have resolved at their special meeting held on 10/6/46 that approval of Government may be obtained to utilise the said grant for the improvement of these municipal wells as this work will be of great public utility

I agree with the Council and the President and request you to kindly obtain sanction of Government to appropriate this grant of Rs 1000/- sanctioned for sinking temporary wells towards repairing the existing six wells in the town as now proposed by the Municipal Council as this work will really be of substantial help to the people of the town The connected records accompany
